

## UEBSBMD 260R

Assembly cover, dummy, round

The UEBSBMD components are dummy assembly covers for screed-flush duct systems. These products are made of sendzimir hot-dip galvanised sheet steel in line with DIN EN 10346 and have round or square cut-outs of various sizes. The products are designed for typical office loads and can alternatively be combined with a dummy cover to accommodate two to three mounting boxes. The assembly covers are supplied with two galvanised (in line with DIN EN ISO 4042) countersunk sheet metal bolts BSS 4.8 x 16.

Products	B	L	E	t	mounting box	weight
UEBSBMD-260R 40S	400 mm	500 mm	260 mm	3,00 mm	2	5,257 kg
incl.:						
2 x BSS 4.8X16						

**B:** width  
**L:** length  
**E:** fitting dimension  
**t:** material thickness  
**mounting box:** maximum number of installable device casings
