

## UEBSBMD 260V

Assembly cover, dummy, angular

The UEBSBMD components are dummy assembly covers for screed-flush duct systems. These products are made of sendzimir hot-dip galvanised sheet steel in line with DIN EN 10346 and have round or square cut-outs of various sizes. The products are designed for typical office loads and can alternatively be combined with a dummy cover to accommodate two to three mounting boxes. The assembly covers are supplied with two galvanised (in line with DIN EN ISO 4042) countersunk sheet metal bolts BSS 4.8 x 16.

Products	B	L	E1	E2	t	mounting box	weight
UEBSBMD-260V 40S	400 mm	500 mm	261 mm	261 mm	3,00 mm	3	5,342 kg
incl.:							
2 × BSS 4.8X16							
UEBSBMD-260V 50S	500 mm	500 mm	261 mm	261 mm	3,00 mm	3	6,902 kg
incl.:							
2 × BSS 4.8X16							

**B:** width

**L:** length

**E1:** fitting dimension E1

**E2:** fitting dimension E2

**t:** material thickness

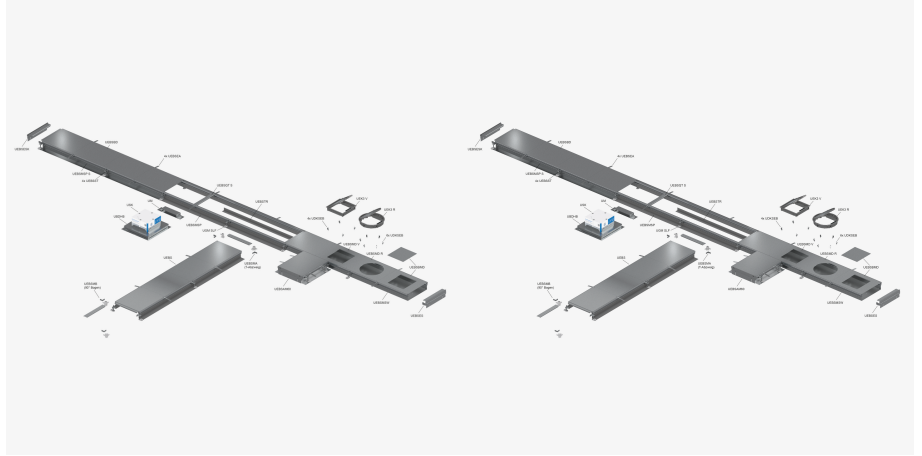

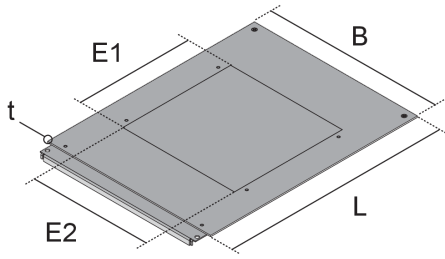

**mounting box:** maximum number of installable device casings
