

UEKA3

Cable outlet flap

UEKA3 product solutions are cable outlet flaps. These components from the underfloor system range are used as spare parts for plastic installation units. The cable outlets are used to safely route outgoing cables. The flaps are made of polyamide and are available in two different colour variants. Firstly, UEKA3-G cable outlet flaps in iron grey (RAL 7011) and secondly, the model UEKA3-S in graphite black (RAL 9011).

Products	color	W
UEKA3-G	RAL 7011 (iron gray)	0,008 kg
UEKA3-S	RAL 9011 (graphite black)	0,008 kg

W: Weight per storage unit
