

UEKDE V

Cover insert, stainless steel cable outlet cartridge, 3x, angular

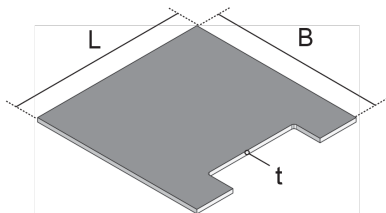

UEKDE V components are square cover inserts. These accessories are used as filling pieces to reduce the floor covering insertion depth in stainless steel cable outlet cartridges, which can be equipped with up to three mounting boxes. The white cover inserts from the range of installation units for underfloor systems are made from high-quality polyvinyl chloride hard foam and have a square outlet for power and data lines. They are 245 mm across and are made from material 6.0 mm thick.

Products	t	W
UEKDE3-V 6	6,00 mm	0,184 kg
