

UGD 20

Rubber strip

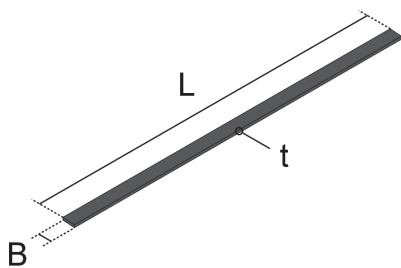

UGD 20 components are rubber strips with a self-adhesive coating on one side. These accessories from the underfloor system range are used in UBKPR side profiles. They create a secure seal between the profiles and the mounted heavy-duty duct bases or dummy covers. The product is made of durable rubber. It is 20 mm wide, 10,000 mm long, 2 mm high and is made from material 2 mm thick.

Products	H	B	L	t	weight
