

UGDB15

Rubber seal, round

The UGDB15 components are round rubber seals. These accessories from the underfloor systems range can be inserted or bonded into various cartridge units. They are used to reliably decouple impact sound and securely seal the installation units against dirt and moisture. The product is made of durable rubber. It is 15 mm high, 10,000 mm long and is made from material 1.8 mm thick.
