

UGET 2 XLR

Mounting box assembly carrier, audio/video technology

UGET 2 XLR components are mounting box installation supports including self-tapping screws from the underfloor systems range. The installation supports are bolted into the UG mounting boxes and are used to accommodate a maximum of 2 built-in audio technology connectors of the type D series XLR made by Neutrik. The device carriers are made of sendzimir hot-dip galvanized sheet steel in accordance with DIN EN 10346 in black (similar to RAL 9011) and are available with installation dimensions of E1 23.6 mm.

steel, continously hot galvanized/Sendzimir process
