

WLHS-IS

Insulation strip

The insulation strip WLHS-IS prevents contact corrosion between the WLHS wide-span spar prop and the support when two different metals are used. It is made of EPDM, also serves to protect the surface coating and is adhesive on one side to make installation easier.

polyethylen

Products	B	L	t	W
WLHS-IS	70 mm	150 mm	2 mm	0,028 kg

B: width
L: length
t: material thickness
W: Weight per storage unit
