

WLVV 200

Wide-span cable ladder connector, vertical, height = 200 mm

WLVV 200 wide span connectors can be used to connect 200 mm wide-span cable trays together and to create vertical changes in direction. The wide-span connectors are 203 mm high corresponding to the height of the cable tray rail. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.
