

WPEA 120

Wide-span attachment corner element

The wide-span attachment corner WPEA 120 allows the direction of cable routing to be changed horizontally by 90° and is suitable for wide-span cable trays with side rails 120 mm high. It is combined with the wide-span cable tray corner extension WPLEAB or wide-span cable tray attachment corner WPREAB. It can also be used to create T branches. We provide components in various materials and surface finishes to ensure that various corrosion protection requirements for different areas of application are met.

steel, batch/hot-dip galvanized

Products		weight
