

## BKTE 110

floor duct telescope insert, height = 110 mm

With the telescopic insert, floor ducts can be connected at intervals of 150 - 650 mm without cutting work. The telescope insert must be inserted at least 50 mm into the existing duct. The perforated side of the telescope insert allows to screw it to the connectors BKV.

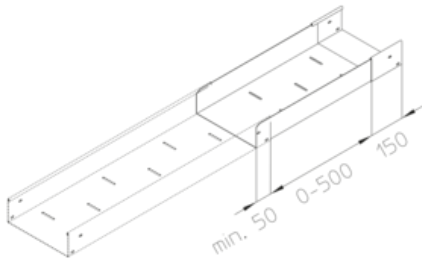

Continuously hot galvanized (Sendzimir process) (DIN EN 10346)

Product	H	B	L	t	G
