

- Voluntary Certificate -

# Product Certificate

## 0770-VC-0109-03

This certificate applies to the construction products

**Ferbox Re-bend connection 1-C and 2-C**

placed on the market under the name or trade mark of

**PohlCon GmbH**

**Nobelstraße 51  
12057 Berlin  
Germany**

and produced in the manufacturing plant(s) 79771 Klettgau

These products are submitted by the manufacturer to a factory production control.

Kiwa GmbH, MPA Berlin Brandenburg Germany, has performed the initial inspection of the factory and of the factory production control and performs a voluntary continuous surveillance, assessment and approval of the factory production control. This certificate attests that all provisions concerning the Control were applied.

The voluntary surveillance follows the basics of the questionnaire "QMF I A 101 e\_R.1\_05.02.2018 – 2022-01-Rev01" for checking the factory production control.

The inspection was carried out in accordance with the below-mentioned technical rules. The initial inspection covered chapter 3.3 of the EAD. The FPC of H-Bau has been evaluated. Audit testing of samples was part of the initial inspection, as described in final draft Version of European Assessment Document (EAD):

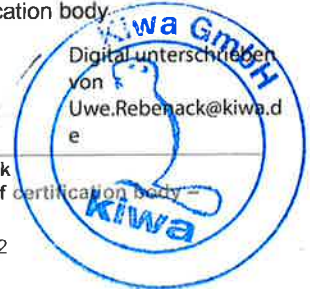

- **EAD DP 15-16-0031-03.01**, issued on January 16, 2024

and the European Technical Assessment (ETA)

- **ETA-20/0842** issued on November 13, 2020

This certificate was first issued on 22.04.2021 and will remain valid as long as neither the ETA, the EAD, the construction product(s), the AVCP methods nor the manufacturing conditions in the plant(s) are modified significantly, unless suspended or withdrawn by the product certification body.

Berlin, Kiwa GmbH 29. April 2024

i. V. U. Rebenack  
- Deputy head of certification body
