

JORDAHL® Mounting Channels JM and T-Bolts

1. Unique identification code of the product-type:

JORDAHL® mounting channels JM

2. Generic type and use

Transmission of static and quasi-static tensile and shear loads by means of T-shaped screws inserted in the welded rail. Suitable for fatigue stress.

3. Trade Mark / Manufacturer:

JORDAHL®
PohlCon GmbH, Nobelstraße 51, 12057 Berlin, Germany

4. System(s) for assessing and verifying constancy of performance:

System 2+

5. Technical Assessment

European Assessment Document:

EAD 330667-00-0602, Edition 07/2016

European Technical Assessment:

ETA-15/0386, Date: 13.01.2017

Technical Assessment Body:

Deutsches Institut für Bautechnik (DIBt), Kolonnenstr. 30B, 10829 Berlin

Notified body:

DVS ZERT GmbH, Aachener Straße 172, 40223 Düsseldorf

Certificate of Conformity:

2451-CPR-EAD-2017.0002.008

6. Declared performance

Essential characteristics	Performance
Characteristic resistance for tension	ETA-15/0386, Annex 4 *)
Characteristic resistance for shear	ETA-15/0386, Annex 5 *)
Minimum spacing and setting torque of screws	ETA-15/0386, Anhang 3, 4 und 5 *)
Displacements under tension and shear loads	ETA-15/0386, Annex 4 and 5 *)
Characteristic resistance under fatigue cyclic tension loads	ETA-15/0386, Annex 6 *)
Reaction to fire	NPD

The performance of the product identified in point 1 is in conformity with the declared performance in point 6. This declaration of performance is issued under the sole responsibility of the manufacturer. Signed for and on behalf of the manufacturer by:

Berlin 01.11.2024

Björn Wingerter Head of engineering and product development, shell construction / facade
